In this NEW 2-session Zoom workshop, we'll continue the Visible Mending journey by creating elaborate multi-layered specialty patches. On Day 2, you can choose to apply them to a fabric collage base to create a "story" or use them to enhance and mend clothing. Specialty patches will include: "Stained Glass" doily patches; Freeform Patches with couching, ruching, needle lace, beads, and Shisha attachment (sea glass); Window Frame reverse applique patches, and "Holey Moley" Woven Hole patches and lace. There is an optional \$40 kit plus shipping (see separate flyer for more information). See Supply list below.

Supply List
